Property description

Zecchin Centre is located at the lake Constance in the St.GallenBodenseeArea. It is an ideal real estate location for companies that are in need of lots of space. This aesthetically pleasing and modern building is far from the city's hustle and bustle and offers breath-taking views on four castles. This is a unique backdrop for a creative and innovative working environment. It is ideal for R&D as well as for commercial use. Zecchin Centre consists of a large glass building for offices and a main building with large areas for production, services, retail and storage.
