Property description

The generous rental area covers approximately 8,000 square metres spread out over six floors, and offers tenants plenty of space to develop their potential. Equally welcome are large companies requiring plenty of space for all their projects, and SMEs looking to be part of a community, as well as what may currently be the largest project in the St. Gallen area.

Thanks to a well thought-out infrastructure, we have taken into account the diverse needs of our tenants. Rental spaces with ceiling heights of up to four metres, direct access roads on the south side of the building for commercial use and trade activities, spacious ground floor premises with private access for restaurant use, refined spaces with atriums for offices, health and beauty clinics or office pools with their own internal infrastructure (e.g. reception area, secretariat, meeting rooms). Whatever your needs, we will find the perfect rental space for your business model.
